# April 12 PMI PPRC Presentation

Project Management is **EVERYWHERE!**

PRESENTER:

**CRAIG BAXTER**

PRESENTATION:

**What is a Strategy? And do you really have one?**

A good strategy is a detailed plan for how an organization is going to accomplish the vision, mission, business goals and objectives to be successful. A template is presented that structures strategy across five dimensions. The template enables development of new strategy(s) or evaluation of existing strategy to understand how well it aligns with intended objectives.
